

Hikvision DS-KD-KP

· Specification summary

Device class	Extension Module-Keypad Module
Module processor	Embedded MCU processor reference; no independent Linux or network function inferred.
Operation	Physical keypad operation.
Module power	12 V DC, powered by another module in the cited table; the compatible host and inter-module connection must be checked.
Power consumption	Up to 2 W in the cited table; not a connected-device output budget.
Operating temperature	-40 to 60 °C in the cited historical reference; confirm the supplied revision and installation conditions.
Operating humidity	10% to 95% in the cited table; no additional enclosure or condensation protection inferred.
Protection reference	IP65 and IK7 as printed; check the complete assembled enclosure and installation conditions.
Manufacturer dimensions	98.21 x 100.21 x 33.7 mm in the manufacturer L x W x H notation; allow separate cable and mounting clearances.

Specifications are summarised from the manufacturer's published information (checked 2026-10-20). They describe the cited version only. Confirm the exact model, suffix and supplied revision before ordering. ISD confirms supply, price, availability and warranty separately.
