

HiLook DVR-208G-F1(B)(S)

· Specification summary

Device class	Turbo HD DVR
Analogue video input	8 channels of HD-TVI / AHD / CVI / CVBS video as listed; confirm actual camera signals.
IP input reference	Up to 10 channels of IP video input, up to 1080p resolution, as listed. Actual normal/enhanced mode and channel allocation require confirmation; this is not an allowance to add 10 IP channels to the analogue total.
Recording reference	HD 1080p Lite at 12 fps/ch as listed in the catalogue. Confirm eligible channels, actual input and operating mode; not a guarantee that every input, expanded channel or function runs concurrently.
Audio input	1 channel RCA (2.0 Vp-p, 1 K Ω) plus 8 channels of audio via coaxial cable as listed; confirm compatible cameras and settings.
Drive-count reference	1 HDD in the listed DVR description; confirm compatible drives and capacity. Drives are not assumed included.
SATA interface	1 SATA interface as listed; confirm compatible drives. No disk capacity is stated on this card.
Case designation	260 1U case as listed. This is a chassis designation, not verified millimetre dimensions or a mounting-clearance guarantee.

Specifications are summarised from the manufacturer's published information (checked 2026-10-18). They describe the cited version only. Confirm the exact model, suffix and supplied revision before ordering. ISD confirms supply, price, availability and warranty separately.
