

Orvibo DG10GA

· Specification summary

Device class	8 W S-series smart magnetic track grille light (EN reference)
Rated power reference	8 W is part of the exact English product name. It does not establish driver losses or complete-system consumption.
Luminaire dimensions	207.5 × 22 × 25 mm is listed in the DG10GA size column. Axis names are not supplied in that cell; confirm physical orientation, track engagement and clearance.
Body material	The English table lists aviation aluminium and PC. No alloy grade, fire classification, outdoor use or ingress-protection rating is established.
Color rendering index	The English shared row lists CRI ≥90 Ra as a laboratory reference. Confirm the supplied configuration and actual optical requirements.
Color temperature range	2700–6000 K with stepless adjustment is listed in the English table. Confirm the supplied light engine and compatible control system.
Input-voltage reference	The English magnetic-track table lists 220–240 V ~ 50/60 Hz as its shared input reference. It does not identify the voltage at the magnetic track or a luminaire connection point; do not use it as wiring instructions.
Protocol reference	The English table lists Zigbee. It does not establish a gateway model, regional radio profile, Matter support or direct Wi-Fi operation.
Control reference	Voice, touch screen, scene switch and app control are listed for the system reference. Compatible controllers, gateway, accounts, network and supported regional services must be confirmed; these devices or services are not promised as included.

Specifications are summarised from the manufacturer's published information (checked 2026-10-20). They describe the cited version only. Confirm the exact model, suffix and supplied revision before ordering. ISD confirms supply, price, availability and warranty separately.
